

# Options! We've got them for paying your bill!

**A**t Ripley Power and Light, we want to make it as convenient as possible for you to pay your electric bill. That's why we've created options to suit every lifestyle.

**Online:** Visit [ripleypower.com](http://ripleypower.com) anytime to pay your bill online through our secure server.

**24-Hour Bill Pay through a Kiosk:** Make your payment through a secure, bill payment machine located in the drive-through lanes at our Ripley and Halls offices. The kiosks accept several types of credit cards, cash and checks. To access your account, you'll need your account number or the bar code on the back of your bill.

## **Bank**

### **Draft:** We

send your bank the amount you owe and send you a copy of your bill. The bank deducts the amount from your savings or checking account the day your bill is due.

**Prepay Program:** You buy your electricity as you use it. To get started, you pay a \$60 deposit and buy at least \$50 worth of electricity. Each day, you receive an email or text message telling you how much electricity you used and how much money is still in your account. When the amount in your account is low, you'll know to buy more electricity.

**By Mail:** You can mail your payment in the envelope that comes with your bill. Make sure you enclose the bottom portion of your bill.

**In Person:** Visit 150 S. Main St. in Ripley or 409 S. Church St. in Halls. Both offices are open 7:30 a.m. to 5 p.m. Monday through Thursday and 7:30 a.m. to 4:30 p.m. on Friday. Both locations also have a night deposit box.
